Risk Stratification in
Children with Concussion

CONCUSSION SAFETY DETECTIVE!

Some kids are making safe choices and some are taking risks.
Find and circle the 10 behaviors that could increase the chance of a concussion.

DETECTIVE CHALLENGE:

- Circle all 10 unsafe behaviors.
- Color the picture.
- Talk with a parent, teacher, or friend about how each child could make a safer choice.

How many unsafe behaviors
did you find?

___ / 10

BRAIN SAFETY TIP:

One way I can help protect my brain is:

CONCUSSION SAFETY DETECTIVE ANSWER KEY

THE 10 UNSAFE BEHAVIORS:

- 1 Riding a bicycle without a helmet
- 2 Riding a skateboard without a helmet
- 3 Riding a hoverboard without a helmet
- 4 Jumping from playground equipment
- 5 Running while distracted (e.g., looking at a phone)
- 6 Climbing too high in a tree
